

INVITATION

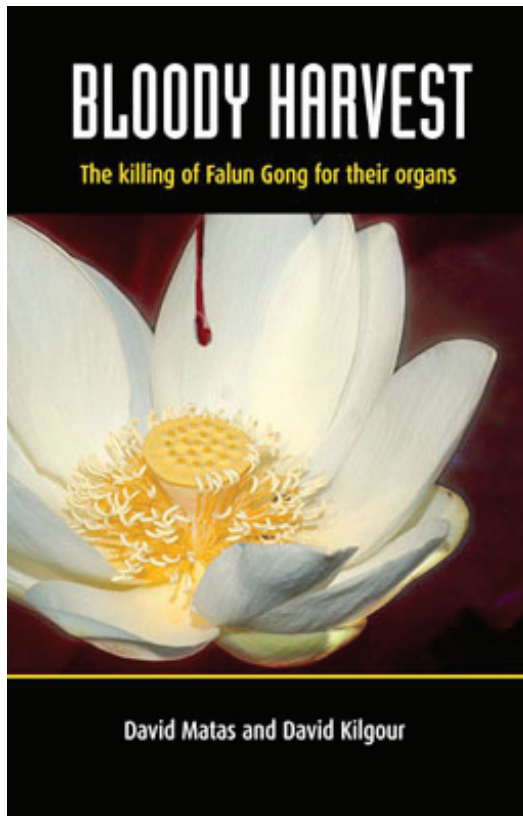

Nobel Peace Prize nominee in Perth Tuesday Nov 22 to launch new book

You are invited to a unique opportunity to meet the man whose ongoing investigation has changed the way the world's people view the organ transplant industry in China and be witness to new findings.

St John of God Hospital Subiaco will host Nobel Peace Prize nominee and international human rights lawyer David Matas next Tuesday for the launch of his book "*Bloody Harvest – The killing of Falun Gong for their organs*".

Mr Matas has brought the practice of exploiting prisoners of conscience as a source of organs into the spotlight. He was nominated for the Nobel Peace Prize in 2010 for his work relating to the investigation of organ harvesting crimes against Falun Gong practitioners in China.

Raising awareness around organ availability is a topical healthcare issue, and the ethical considerations in regards to the donation and organ retrieval process form a key part of the discussion. Further background information is available at www.organharvestinvestigation.net

We welcome interested members of the community to attend the launch and learn more about this important issue.

FREE SPECIAL EVENT
